

When it's time to  
build, upgrade, or  
install your pool, spa,  
or hot tub . . .

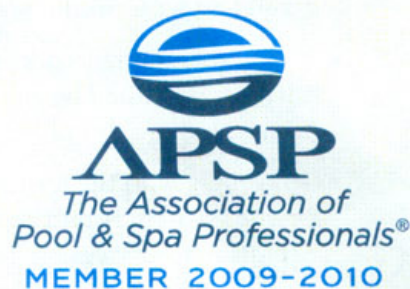

...always choose  
an APSP CBP  
Certified Building  
Professional®!

Why choose  
an APSP  
Certified Building  
Professional?

- An APSP CBP Certified Building Professional has proven himself/herself to be knowledgeable about high-quality pool design, construction, and installation.
- An APSP CBP Certified Building Professional is committed to continuing education to stay in-the-know about the latest techniques, equipment, and building regulations.
- An APSP CBP Certified Building Professional agrees to follow a Code of Ethics that promotes integrity, safety, and quality. (Code of Ethics on back)
- The protection of your family and friends is the number 1 priority of an APSP CBP Certified Building Professional.
- You get peace of mind knowing that you are dealing with a builder committed to providing the best service and ensuring your safety and satisfaction.

Mark Reed, CBP
