

10 YEAR - POOL LINER WARRANTY

Exclusive Labor & Material Warranty Seams

Memphis Pool Supply, Inc., provides this supplemental warranty as an addition to the liner manufacturer's written warranty. Should a liner seam failure occur within 10 years of the installation date specified below, Memphis Pool Supply, Inc. will provide the appropriate repair or replacement of the liner at NO change to the customer for materials, labor or freight costs.

Liner seam failure shall be considered as any material seam separation that is a result of the manufacturer's workmanship or from the installation of the liner. Should liner failure occur, Owner shall notify Memphis Pool Supply, Inc. in writing and enclose a copy of this special extended warranty. Memphis Pool Supply, Inc. shall inspect the liner within 15 days of such notice and, if determined a failure, shall repair or replace the liner within 60 days, warm and dry weather permitting, as per this warranty. Damage to the pool's structure or floor subsurface that is not a direct result of the seam separation is not covered under this warranty.

Warranty is extended to the original owner only. Fading of the liner pattern is not warranted. Warranty does not apply to damage to the liner as a result of acts of God, pool plumbing leaks, chemical mismanagement, customer neglect, vandalism or abuse. Likewise, ground water conditions are generally uncontrollable and unpredictable. Ground water conditions that cause damage to the liner or the need for the liner to be "reset" are not covered under this warranty. Normal wear-and-tear and deterioration of the liner material due to sunlight and chemicals is not warranted. It is understood that the normal life of the liner may not be more than 10 years.
